The Playground at J H Godwin

I am very passionate that our school, including the playground is a welcoming, safe and caring environment for all children and adults.

I am asking for your help with this so that we can expect high standards of behaviour from our children, demonstrated by all of our parents and carers.

- ✚ Please do not swear or use any kind of unacceptable language even if it is meant in jest.
- ✚ Keep conversations and behaviour of an adult nature off the playground.
- ✚ No smoking at the school entrance at the beginning or end of the day.
We have lots of small children and pregnant mums walking through plumes of smoke and it sets a bad example for our children.
 - ✚ No e-cigarettes/ smoking anywhere on the school site.
 - ✚ No negative conversations about any children or parents.
 - ✚ No dogs, even if they are being carried!

If you have any concerns about school, any aspects you would like us to improve come and speak to us, talking about it on the playground breeds negativity and achieves nothing.

We want your opinions and suggestions they are **very important** to us but we can only improve if you share these with us in school.

Many thanks for your support in this

Many Thanks
Mrs N Wetton
